Education & Academic Background

Dr. Babasaheb Ambedkar Marathwada University

Aurangabad, MH

Everest College of Engineering and Technology

Bachelor of Mechanical Engineering (B.E) – CGPA: 8.5

Aug. 2017 – April 2021

Shri Tripura Kanishth Vidyan Mahavidyalya

Latur, MH

Higher Secondary School (Class XII) – Percentage: 75.69%

Jun. 2015 – March 2017

Deccan Urdu High School

Udgir, MH

Secondary School (Class X) – Percentage: 92.40%

Jun. 2014 – March 2015

Professional Experience

System Engineer (Database Administrator)

Feb 2022 – Present

Tata Consultancy Services (tcs)

Mumbai, MH

Key Responsibilities:

- **PostgreSQL Administration:** Installed, Configured and maintained high-availability PostgreSQL clusters for production workloads, optimizing performance thorough query tuning and indexing (25% faster query execution).
- **Cloud Database solutions:** Designed and deployed AWS RDS and GCP cloud SQL architectures with secure IAM policies, automated backups, and encryption.
- **Migrations:** Led zero-downtime migrations of on-prem PostgreSQL to GCP cloud SQL, scripting custom ETL workflows (Bash scripting).
- **Automation:** Reduced manual tasks by 40% via automated monitoring, backup scripts, lambda functions.
- **Disaster Recovery:** Documented DR Plans and implemented point-in-time (PITR) recovery strategies.
- Collaborated with cross-functional teams to document schemas, DR plans, and database configurations.

Achievements:

- Reduced database job runtime by 25% through query tuning and indexing strategy updates.
- Built and deployed secure cloud-based infrastructure on AWS for internal document storage use case.
- Delivered zero-downtime data migration during system upgrade for finance project team.

Technical Skill

Cloud Computing:

- **AWS:** RDS, EC2, S3, VPC, IAM, Lambda, Textract, CloudWatch.
- **Google Cloud Platform (GCP):** Cloud SQL, IAM, GCS, Monitoring.

Database Administration:

- **Performance Optimization:** Query tuning, system health checks, ITRS, CloudWatch
- **Backup & Security:** IAM, Backup/restore, high availability configurations.
- **Automation & Scripting:** Python, Bash, AWS Lambda
- **Monitoring & Maintenance:** Automated health checks, performance tuning, incident response
- PostgreSQL, Greenplum, Microsoft SQL Server, MySQL (basic), AWS RDS , GCP Cloud SQL

Cloud Database Migration:

- Hands-on experience migrating **Microsoft SQL Server to Cloud SQL** (GCP)
- Migrated **PostgreSQL to Cloud SQL** (GCP)
- Experience with **AWS RDS migrations** and database setup
- Familiar with backup, snapshot, and replication strategies for seamless migration

Automation and Containerization:

- **Ansible** (basic), Bash scripting, Terraform.
- **Docker** (Amazon ECS)
- **Kubernetes** (Amazon EKS)

Certifications & Professional Training

Certification: [AWS Certified Cloud Practitioner](#)

Training: [Architecting & Developing on AWS](#)

[AWS Certified Solutions Architect - Associate](#)
